

Providing Sterilization & Laboratory Services  
for the World's Most Innovative Healthcare  
Companies.

An Opportunity to Join Medistri

## Financial Assistant

Medistri is Europe's largest independent sterilization company. Your work will have an impact in helping companies in the healthcare sector achieve their greatest ambitions, overcome their challenges, and bring their innovations to life.

Medistri's mission has remained the same since our founding in 2006: to facilitate innovation in the global healthcare sector.

We are a rapidly growing company that maintains its core values:

**Honesty, Efficiency, and Success.**

By joining our team, you will receive coaching and training to facilitate your integration. Coaching and feedback are part of Medistri's core principles and will be part of your ongoing development.

We are seeking a finance professional with a hybrid background combining North American and Swiss/European accounting expertise to support our international operations.

### Required profile:

- Master of Science in International Finance Management or equivalent advanced degree
- Accounting or Finance degree recognized in North America and/or Switzerland
- Professional designations such as: Masters and/or Expert-comptable diplômé; or equivalent international certifications
- Bilingual capabilities: English and French; German, French, or Italian

### Your mission:

- Dual Accounting Knowledge: Understanding of both North American and Swiss accounting standards
- Cross-Continental knowledge in both North American and Swiss financial environments
- Regulatory Expertise: Familiarity with: North American tax regulations; Cross-border compliance between North America and Switzerland; Modern Finance Practices: Strong knowledge of Agile finance methodologies and digital technologies in financial management
- managing financial operations in multicultural, multi-jurisdictional environments
- Comfortable with transatlantic business operations
- Understanding of currency management (CAD, CHF, USD, EUR)
- Ability to navigate different business cultures and regulatory frameworks
- Ability to engage in Analytical reporting (Power BI)
- Supervised and trained new employees in finance and accounting functions
- Experience implementing digital finance solutions and automation tools

We look forward to receiving your application.

At Medistri, we are looking for passionate, ambitious, and honest individuals. We encourage you to apply even if your experience does not exactly match the job description. Your skills and passion will set you apart, especially if your career has taken some extraordinary turns. At Medistri, we welcome diverse perspectives and people who think rigorously. Join us!

**Location :** Medistri HQ – Domdidier,  
Switzerland

**Team :** Finance

**Type of employment:** Full-time

**Duration:** Indefinite

### About Medistri:

Founded in 2006, Medistri has focused on creating infrastructure for the healthcare industry. Companies of all sizes, from start-ups and university projects to Fortune 500 companies, use our services to save time, grow their business, and focus on what they do best.

Medistri reduces barriers to the development and growth of healthcare products. We provide infrastructure to new companies as they launch and to existing companies as they expand globally.

Medistri's headquarters are located in the heart of Switzerland, at the intersection of the German-speaking and French-speaking parts of the country. We provide skilled services to clients around the world in the pharmaceutical, MedTech, BioTech, and aerospace industries.
