

Providing Sterilization & Laboratory Services
for the world's most innovative healthcare
companies.

FOR IMMEDIATE RELEASE - August 10th 2026

Medistri Launches A New Digital Platform for Laboratory Testing Services

EN - Medistri, a leading provider of contract sterilization & laboratory services for healthcare companies, is pleased to announce the launch of a new digital extension of its laboratory testing services webpage, designed to simplify access to its complete testing portfolio.

The new platform allows customers to browse available laboratory analyses, access dedicated pages with detailed information about each service, provide relevant product and project information, and request quotations directly online.

This more intuitive experience creates a simpler path from identifying a testing need to initiating a project with Medistri's laboratory teams.

Founded in 2006, Medistri has been focused on building infrastructure for the healthcare industry. Companies of every size, from startups & university projects to Fortune 500 companies use our services to save time, scale and focus on what they do best.

Medistri is committed to working closely with our clients and partners' needs, providing easier access to our laboratory expertise while maintaining the highest standards of quality, reliability, and regulatory compliance.

For more information, please visit our website [here](#) or contact contact@medistri.com.

– The Medistri Team

"Our goal is to make our laboratory expertise easier to access. Customers can now explore our testing services, better understand the solutions available for their projects, and initiate their requests directly online," said Gabriel Vachey, Head of Laboratory Development at Medistri.
